Location	In Rasquera, Biosphere Reserve site, located between Terra Alta and The Priorato, with an altitude between 150 and the 200 meters, over calcareous soil
Alcohol content	13,5 % vol.

Tasting notes:

Visual analysis	In sight this wine shows a pale stalk yellow colour with grey pearly reflections.
Olfactory analysis	It seems ripe, standing out the fruit compote and marmalade, you also notice quince and citrus taste, covered by raising notes where the brioche and the slice of toast stand out.
Gustatory analysis	In the palate it seems wide, warm, very smooth and well balanced with the right acidity. It fills the entire palate with a long aftertaste.
Temp. to serve	To be served between 8-10°C.
Combination	Ideal for all types of fish, it also combines very well with white meat. It is a good partner of pasta and rice..

Analytical:

Blanc de Noirs (year)	AV (gr.l acetic)	SO2 total (ppm)	Residual sugar (gr./l)	Alcohol (%vol)			
2020	0,77	117	< 0,5	13,66
